

Developing a Holiday Park

[Existing Sites](#) - [Plans](#) - [Price](#)

The Bespoke Log Cabin Company's range of Transportable Log Cabins is the perfect solution for anyone developing a Holiday Park. Our comprehensive range of cabins made from solid logs offers the ultimate solution to your 'mobile home' planning permission.

Click [here](#) for links to sites we have developed.

Our build structure of superior quality solid logs offering high thermal efficiency and low maintenance, combined with our high quality of service is the perfect solution for anyone developing a holiday park.

The Bespoke Log Cabin Company has experience in:

- Establishing new holiday parks with our Log Cabins.
- Replacing existing mobile homes at parks with our Log Cabins for holiday use.
- Establishing new holiday parks with our Log Cabins to be sold as second homes.

Click here to see our [10 standard layouts](#) of mobile log cabins. We also specialize in unique layouts to give your new holiday business the edge over the competition.

Our experienced team work together with site owners or developers from concept right through to completed construction. We also offer our knowledge and assistance to help you establish a thriving holiday or second home site.

If you are considering developing a holiday park, then our range of cabins made from solid, kiln dried round logs or laminated rectangular logs, offer the ultimate solution to your planning permission for mobile homes. Our mobile log cabins are perfect for those developing a holiday park due their low visual impact, natural beauty and feeling of quality throughout. Their exceptional build quality will not only attract guests but also ensure repeat bookings. Combine this with high performance and low running costs and you can see why a mobile log cabin from The Bespoke Log Cabin Company is the answer!

The Bespoke Log Cabin Company has provided mobile log cabins for **Holiday Parks nationally**. We have experience throughout the entire process of developing a holiday park. We have a partnership with an experienced National Planning Consultant who offers assistance with Planning Applications. Alternatively, we are happy to work with your local Planning Consultant. We can provide all necessary drawings and technical information for your planning application. We can also provide literature and information to back your planning case. This can range from proving the energy efficiency of the mobile log cabins to providing estimated rental figures for your site. We have worked with **Hoseasons** and the Tourist Board to provide statistics for your application.

The Bespoke Log Cabin Company has also assisted in winning grant awards from EEDA for customers developing a holiday park.

The Bespoke Log Cabin Company can also assist with the design, size and style of your mobile log cabins. This will ensure your holiday letting park will maximize its potential and be ideally suited for its area and purpose.

The Bespoke Log Cabin Company can also assist if you wish to replace existing caravans with new mobile log cabins. Please read our case study for the full story.

Whatever size holiday letting site you are looking to develop, from one to one hundred mobile log cabins, please contact the office to see how we can assist you.
